

The PD is a larger version of the UN to illuminate areas such as walkways, stairways and decks where path lights or down lights are impractical.

PD: Wall Light

Perfection Every Time

With the LevelX feature built-in, the designer can be assured that the fixture will be installed on a perfectly level visual line. Constructed with durable materials, the CP is built to last in residential or commercial settings.

PD: Wall Light

FACTORY INSTALLED OPTIONS: Order 1 + 2 + 3

Step	Description	Code
1	FIXTURE	PD
2	LAMP	20 (10,000 Hr Xenon), 20H (5,000 Hr Halogen)
3	FINISH	CU, NP, WG, FW, AL, BZ, DG, WI, VF, SB, FB, CB, DT

EXAMPLE: PD-20-DT = PD - 20W Xenon - Desert Tan Finish

MOUNTING FEATURES AND DIMENSIONS:

Perfectly Level Every Time

The LevelX system allows the composite sleeve to be up to 3/8" out of level, in either direction, while still allowing the faceplate to be laser level.

The secret: The trim attaches to the adjustable reflector assembly - not the composite sleeve or body. Heavy foam gasket keeps light spill to a minimum.

METALS

NP = Nickel Plate*

BS = Natural Brass

POWDER COAT

WG = White Gloss

FW = Flat White

AL = Almond

BZ = Bronze Metallic

DG = Desert Granite

WI = Weathered Iron

VF = Verde Speckle

SB = Sedona Brown

FB = Flat Black

COMPOSITE

CB = Camo Bronze

DT = Desert Tan

The PD includes two 10 watt xenon or halogen lamps, choice of faceplate finish, and mounting sleeve.

Note: Composite finishes cannot be powder coated

* May require longer lead time
