

The CP wall light is engineered to bring light to areas such as walkways, stairways and decks, and difficult areas that can't accommodate path lights or down lights.

CP: Wall Light

Perfection Every Time

With the LevelX feature built-in, the designer can be assured that the fixture will be installed on a perfectly level visual line. Constructed with durable materials, the CP is built to last in residential or commercial settings.

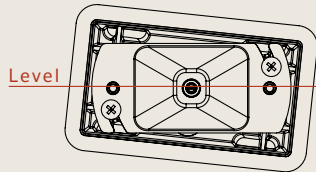

CP: Wall Light

FACTORY INSTALLED OPTIONS: Order 1 + 2 + 3

Step	Description	Code
1	FIXTURE	CP
2	LAMP	10 (10,000 Hr Xenon), 10H (5,000 Hr Halogen)
3	FINISH	CU, NP, WG, FW, AL, BZ, DG, WI, VF, SB, FB

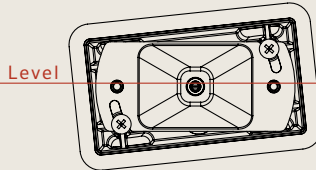

EXAMPLE: CP-10-BZ = CG - 10W Xenon - Bronze Metallic Finish

MOUNTING FEATURES AND DIMENSIONS:

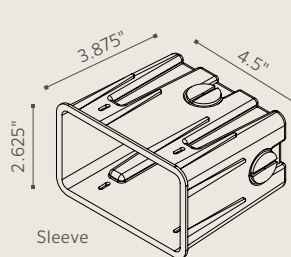

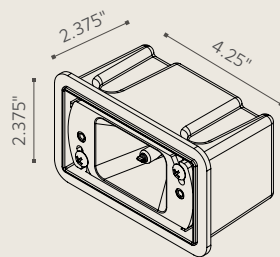

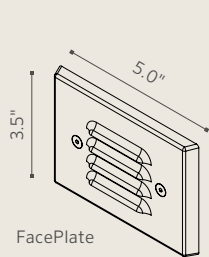

Perfectly Level Every Time

The LevelX system allows the composite sleeve to be up to 3/8" out of level, in either direction, while still allowing the faceplate to be laser level.

The secret: The trim attaches to the adjustable reflector assembly - not the composite sleeve or body. Heavy foam gasket keeps light spill to a minimum.

METALS

POWDER COAT

The CP includes a 10 watt xenon or halogen lamp, choice of faceplate finish, and mounting sleeve.

* May require longer lead time
