

*The UN is engineered to bring light to areas such as walkways, stairways and decks in a compact package. Its smaller size works well in tight areas without compromising on illumination.*

### UN: Wall Light

#### *Perfection Every Time*

With the LevelX feature built-in, the designer can be assured that the fixture will be installed on a perfectly level visual line. Constructed with durable materials, the CP is built to last in residential or commercial settings.

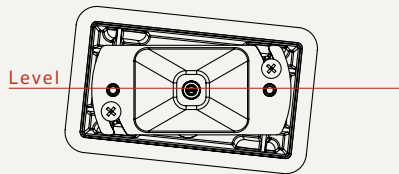

# UN: Wall Light

FACTORY INSTALLED OPTIONS: Order 1 + 2 + 3

Step	Description	Code
1	FIXTURE	UN
2	LAMP	10 (10,000 Hr Xenon), 10H (5,000 Hr Halogen)
3	FINISH	CU, NP, WG, FW, AL, BZ, DG, WI, VF, SB, FB

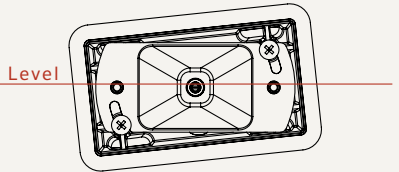

EXAMPLE: **UN-10H-CB** = UN - 10W Halogen - Camo Bronze Finish

## MOUNTING FEATURES AND DIMENSIONS:

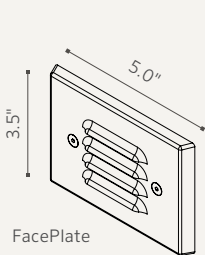

### Perfectly Level Every Time

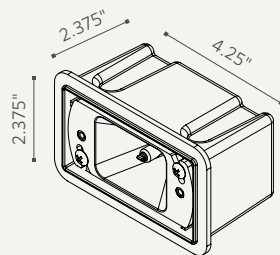

The LevelX system allows the composite sleeve to be up to 3/8" out of level, in either direction, while still allowing the faceplate to be laser level.

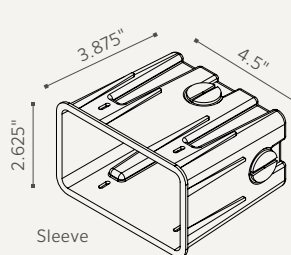

The secret: The trim attaches to the adjustable reflector assembly - not the composite sleeve or body. Heavy foam gasket keeps light spill to a minimum.

FacePlate

Sleeve

## METALS

NP = Nickel Plate\*

BS = Natural Brass

## POWDER COAT

WG = White Gloss

FW = Flat White

AL = Almond

BZ = Bronze Metallic

DG = Desert Granite

WI = Weathered Iron

VF = Verde Speckle

SB = Sedona Brown

FB = Flat Black

## COMPOSITE

CB = Camo Bronze

DT = Desert Tan

The UN includes a 10 watt xenon or halogen lamp, choice of faceplate finish, and mounting sleeve.

Note: Composite finishes cannot be powder coated

\* May require longer lead time
