## FXLuminaire

## LED Path Lights

Small in shape, but big on LED efficiency, the BD combines soft geometric angles and robust quality to produce outstanding function and durability. Its subtlety and efficiency make it an ideal luminaire for a variety of landscapes and path types.

The BD includes a $1 L E D$ board, and choice of riser size and finish, a 3 ft. lead wire and Long Slot Spike.

All BD path lights come standard with amber, green, blue and frosted filters

Note: Only the copper portions of the path lights are powder coated. The brass pieces remain natural.
