

*The MP is constructed without compromise. This small luminaire is an excellent choice for illuminating small garden elements such as shrubs, boulders and cactus. The MP also has room for one lens insert. Choose frosted for maximum diffusion or a color lens to shift tones and enhance your desired effect.*

## MP: Up Light

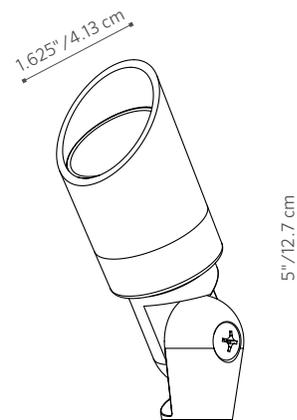

### *The Finest Materials*

All FX Luminaire diecast components are made in-house using the latest in computer-assisted mold process control. We also use the very finest aerospace alloys to prevent premature product failure caused by corrosion.

All cast components are hand buffed before powder coat to ensure a smooth lustrous finish.

*Note: This fixture is designed for up lighting only.*

# MP: Up Light

**FACTORY INSTALLED OPTIONS:** Order 1 + 2 + 3

Step	Description	Code
1	FIXTURE	MP
